

Does your face ever light up when you talk about a favorite sweet food you really, really, really like a lot? That happens to me when I talk about waffles like the ones in the word art.

Those waffles are truly a work of art! They look soft yet crunchy. I absolutely love the way the syrup is dripping off the edge! I think I would have added butter and even powdered sugar on top! And OH, let's not forget an ice cold glass of MILK to wash all of that deliciousness down again and again.

If you would have my brain monitored by an EEG I'm pretty sure that it'd be completely lit up! Can you relate at all to

what I'm saying or have you just left for the IHOP nearest you?

Think about this ... our brains should light up the same way for the Bible.

*“How sweet are your words to my taste,
sweeter than honey to my mouth!”*

Psalm 119:103 NIV
